3. PRODUCTS AND SERVICES OFFERED BY PEGASUS

3.1. Scheduled Flight Services and Other Services

3.1.1. Pegasus offers Scheduled Flight services on domestic routes within Turkey and on international routes from/to or transiting through Turkey. Scheduled Flight services are offered subject to the terms and conditions set out in the Pegasus General Rules. All references to domestic Scheduled Flights in the Pegasus General Rules refer to Scheduled Flights operated within Turkey.

3.1.2. Pegasus also offers Ancillary Products and Services defined in Section 3.2. Some of these Ancillary Products and Services are offered only as part of a Scheduled Flight while several others may be offered independent of a Scheduled Flight or a specific PNR. Ancillary Products and Services are offered subject to the terms and conditions set out in the Pegasus General Rules.

3.1.3. Non-scheduled (charter) flight services carried out by Pegasus based on an agreement with a tour operator or another organizer. For these services the service agreement is concluded between the passenger and the relevant tour operator or another organizer and Pegasus is not a party to this service undertaking. Transportation of cargo by Pegasus aircraft is also carried out based on a separate agreement between Pegasus and the consignor. The terms and conditions set out in the Pegasus General Rules will only be deemed valid for the types of services covered in this paragraph to the extent they are applicable to such services.

3.2. Ancillary Products and Services

3.2.1. The Ancillary Products and Services offered by Pegasus are indicated in the paragraphs below.

a) Extra Baggage Allowance: On all our Domestic Flights, our Passengers are entitled to Check - in Baggage limited to the number, size and weight specified within the scope of the Package to which their Ticket pertains and one Cabin Baggage in accordance with the criteria specified in section 9.2 of the General Rules. For International and North Cyprus Scheduled Flights, only Saver, Saver Plus and Comfort Flex Packages are entitled to Check - in Baggage and one Cabin Baggage in accordance with the criteria specified in section 9.2 of the General Rules. Check - in Baggage or Cabin Baggage allowance are not available in the Light Package offered on International and North Cyprus Scheduled Flights. Passengers who purchase Light Package on International and North Cyprus Scheduled Flights and therefore do not have Check -in Baggage and Cabin Baggage allowance are only entitled to bring along one Underseat Bag in accordance with the criteria specified in section 9.3. of the General Rules, provided that it is carried under the seat on board the aircraft. Detailed explanations and tables regarding the Baggage allowances included in packages on our scheduled Domestic and scheduled International and North Cyprus Flights can be reached under section 9. Baggage Rules, Carry-on Items and Special Services.

Check - in Baggage and Cabin Baggage purchased within the scope of our Flight Packages on our flights can not be refunded. However, our passengers can purchase Check - in Baggage and Cabin Baggage products (in the size and weight defined per passenger) for an additional fee in addition to the contents of the Package they have purchased. On our International and North Cyprus flights, additional Check - in Baggage Allowance and Cabin Baggage Allowance, which can be purchased apart from the package, can be refunded up to 4 hours before the time of flight. Detailed information regarding Cabin Baggage and Check - in Baggage Allowance that can be purchased separately from Light Package for International and North Cyprus flights is presented in section 9.4. **Check - in Baggage Allowance and Extra Baggage Allowance Fee.**

b) Extra Seat: Extra Seat is a product separately available for sale to our Passengers who would like to book an adjacent seat in the aircraft for their comfort or for carrying valuable or fragile belongings, music instruments or similar goods with them. The Extra Seat Product can only be purchased through the Pegasus Call Center. The Extra Seat request and payment must be made during the booking of the Ticket. The Extra Seat product cannot be used for carrying clothing, food and similar items. The Extra Seat can be purchased for a specific item that must be carried with the Passenger. The weight of the item to be carried on the Extra Seat cannot exceed 75 kilograms and should not prevent other Passengers from easily viewing cabin warning lights in front of them. Items such as musical instruments with dimensions not exceeding 120x40x20cm can be carried between two seats and items with dimensions up to 75x50x45cm can be placed on the seat. Extra Seat fee is calculated as the sum of the Ticket base fare and the service fee. Changes to and cancellation of Extra Seat are subject to the Cancellation and Change rules for the corresponding passenger Ticket.

c) Price Freezing (Option Purchase): Price Freezing is sold as a separate product during the booking of the Ticket and allows a user to purchase a Ticket for a fee indicated on the booking screen within a specific timeframe. The time to exercise this option and the option price is automatically determined by the system depending on whether the relevant Scheduled Flight is a domestic or an international flight, the time left for the Scheduled Flight in number of days and the number of Passengers registered in the PNR. The option period purchased can be extended only once within the option period, by payment of a new Price Freezing fee and this transaction can only be carried out through the Pegasus Call Center. Independent from the time left until the Scheduled Flight, the system will not allow for Price Freezing if there are eight or less seats available in any flight subject to the PNR. The Price Freezing product cannot be cancelled and is non-refundable. Price Freezing will only apply for the Scheduled Flights for which it is purchased and will not be valid for any other Scheduled Flights in case of any change in the booking. Ticket pricing for international routes is based on USD and EUR currencies and any changes in the currency rates between the date of Price Freezing and the actual purchase of the Ticket will be reflected on the Ticket price.

d) Special Services: Special Services cover special carryable items that are not included in Check - in Baggage, Cabin Baggage, Under-seat Bag or Extra Baggage Allowance and special services that are provided on demand of the Passenger for a fee or for free of charge. Purchased special services can be refunded up to 4 hours before departure time. Detailed information on Special Items and Special Services can be found in section 9.5. Special Services.

e) Pegasus Café: In all Pegasus Scheduled Flights in-flight catering is subject to extra charge. The pricing of Pegasus Café products depends on whether the Scheduled Flight is on a domestic or an international route. Pegasus Café sales inside the aircraft may be limited or may not be provided for reasons of flight safety, flight security and product availability. Pegasus Café products can be pre-ordered until 24 hours before departure time. Passengers with Tickets issued under the Advantage Package may choose between the available Pegasus Café product offers covered by their Package without extra charge. Pre-order Pegasus Café orders may be canceled via Call Center until 48 hours before departure time and in this case its amount may be refunded. There is no right of return for orders placed 0-48 hours before the flight.

f) Pegasus Flex (Flexible Ticket Change and Cancellation Option): Pegasus Flex is sold until 24 hours to the flight as a separate product during the booking of the Ticket and provides flexibility to the Passengers, allowing them flexibility to carry out changes and cancellation to their Ticket for Scheduled Flights.

Pegasus Flex grants the right to carry out changes in the Ticket and cancel the Ticket within twelve hours before departure time, without paying the transaction charge determined in accordance with the Ticket Change and Cancellation Rules (See 5.6. Domestic & North Cyprus Flights Reissue and Refund Rules and 5.7. International Flights Reissue and Refund Rules for detailed information). When Pegasus Flex is purchased, the Ticket can be changed to any date or to any route and can be cancelled, subject to the terms and conditions set out in herein. The said right does not cover change in Passenger name. Pegasus Flex product cannot be purchased as a standalone product after the Ticket is issued. Changes and cancellations can still be made in case of check-in. There is no right of refund in Pegasus Flex. Pegasus Flex will no longer apply once the Ticket is changed to an Open-Ended Ticket. Pegasus Flex cannot be used when the product Price Freezing (Option Purchase) is purchased. Pegasus Flex products cannot be purchased within the scope of Group Reservation Bookings.

The Transportation Fare is composed of (a) Base Fare, (b) Fuel Surcharge, (c) Airport Taxes, (d) Check-in Fee and (e) Service Fee. In case of cancellation of Ticket until twelve hours before departure time, the Transportation Fare will be fully refunded, except for the Pegasus Flex fee. In case of Ticket change until twelve hours before departure time, if the total Transportation Fare for the new Scheduled Flight is higher than the total Transportation Fare for the initial Scheduled Flight, the price difference will be charged. That being said, in case of Ticket change with Pegasus Flex, if total Transportation Fare for the new Scheduled Flight is lower than the total Transportation Fare for the initial Scheduled Flight, the price difference will not be refunded. In case of any change in the price for the Pegasus Flex product for the former and the new flight, the difference is either charged or refunded to the Passenger. Installment Fee charged in Ticket purchased with installment is reflected in Cancellation and Change of the Ticket in any event.

In case of cancellation of Ticket when there is less than twelve hours before departure time, only the Airport Taxes and the Check-in Fee components of the Transportation Fare will be refunded. In case of change of Ticket when there is less than twelve hours before departure time, the Ticket Change and Cancellation Rules (See 5.6. Domestic & North Cyprus Flights Reissue and Refund Rules and 5.7. International Flights Reissue and Refund Rules for detailed information) valid for the Ticket fare class will apply and the Pegasus Flex product will be transferred to the new Ticket and can be used subject to the terms and conditions set out above.

g) Seat Selection: In all Pegasus Scheduled Flights the Passengers will be automatically assigned a seat during Check-in. Seat selection is not available during Check-in. However, Passengers may purchase Seat Selection as a separate product and travel in a seat they choose. Purchase of the Seat Selection product is not equivalent to Check-in and these Passengers will still be required to complete their Check-in before their flight. Seat Selection price is determined based on whether the relevant Scheduled Flight is a domestic or an international flight and the time left for the Scheduled Flight in number of days. Seat Selection product can be purchased during the booking of the Ticket or afterwards. Once Seat Selection is purchased, seat change will only be allowed in the event of a

Ticket change. If a Ticket change is made by the Passenger, the seat selected for the former flight will automatically transferred to the new flight. However, seat transfer will not be carried out if the same seat on the new flight is previously selected or has been subject to Check-in and the Seat Selection fare is refunded to the Passenger. Passengers with Tickets issued under the Advantage Package or Comfort Flex Package may choose between the available seat offers covered by their Package without extra charge. Seat selection amount may be refunded in cancellations made until four hours before departure time. Even if you may have purchased Seat Selection, Pegasus may require you to travel in another seat for reasons of flight safety, flight security and other necessitating circumstances. In such circumstances, you will be entitled to a refund of your Seat Selection fee. Detailed information on aircraft seating and seating restrictions for exit-row seats is provided in [6. Check-in](#) and [7. Boarding](#).

h) Gift Card: Gift Card is an ancillary product that can be purchased by users in currencies and amounts denominated by Pegasus and that allows the beneficiary to use it as payment balance for Tickets for Scheduled Flights or Ancillary Products or Services that are offered for sale by Pegasus. Each Gift Card sold has a single beneficiary. Neither the Gift Card nor its balance is transferable. Gift Card cannot be used for Codeshare Flights where the actual operating carrier is a carrier other than Pegasus or for products and services offered by or through third parties such as hotel accommodation and car hire. Gift Card cannot be used for the payment of any fees payable as a result of Ticket change transactions. Gift Cards can only be purchased on the Pegasus Website or through the Pegasus Mobile Applications and the Gift Card balance can only be used for purchases made on these channels. Gift Card balance can only be used in the original currency denomination of the Gift Card. Gift Card and the card balance are non-refundable. The term of validity of the Gift Card cannot be extended. The user or the beneficiary is not entitled to any refund with respect to the card balance not utilized before the expiry of the card's term of validity.

i) In-Flight Entertainment (Fly & Watch): Fly & Watch is a closed-circuit entertainment platform available on Pegasus Scheduled Flights where travelling Passengers may access film, TV series, travel guide, magazine, programs for children, games and similar content through their own mobile devices and laptop computers using wi-fi. The technical infrastructure and the platform content is provided by IMMFLY Turkey Havaçılık Teknolojileri Anonim Şirketi (Turkish Commercial Registry No: 04650814081408400001). Access to the Fly & Watch platform is enabled through the completion of the necessary log-in information and the acceptance of rules on platform use by the user. Certain content on the platform is only available on a paid-basis and access fee is separately collected for each Scheduled Flight. Paid Fly & Watch content access can be purchased on board or before the flight on the Pegasus Website or using the Pegasus Mobile Applications. When purchased on-line and prior to the flight the access code generated for the Passenger is delivered to by SMS and e-mail. The access code is provided for the exclusive use of the purchasing Passenger and cannot be transferred. The access code is only valid for the Scheduled Flight for which it is purchased. If access to the Fly & Watch platform is unavailable on a Pegasus Scheduled Flight for technical reasons, the Passengers will be entitled to a full refund of their access fee payment. Fly & Watch access purchased prior to the flight can be cancelled for a full refund until 4 hours before the flight.

j) Installment Fee: For credit card purchases made through Pegasus Communication Channels and Pegasus agency sale system, installment payment options may apply depending on the agreement with the issuer bank. Installment payment options are not offered in purchases regarding international flights as per the decision announced by the Banking Regulation and Supervision Agency on 31 July 2023, where it is decided that the installment periods applied for the credit cards, determined by the Board Decision dated 11/01/2019 and numbered 8198, do not apply to expenditures abroad in connection with airlines, travel agencies and accommodation and that installment payment options are not allowed in such expenditures abroad. In this context, payment with installments is only available for purchases related to our domestic flights but is not offered for purchases related to international flights and North Cyprus flights. The Installment Fee, applicable for certain number of installments, is calculated based on the total amount to be paid as shown on the payment page, the number of installments and the applicable cost. This additional fee will be notified to the user prior to the completion of payment. Installment Fee may not be refunded in any case, if Ticket is cancelled by Passengers. Installment charged in Ticket purchased with installment is reflected in Cancellation and Change of the Ticket.

4.4. Information on Transportation Fare and Fare Classes

4.4.1. The Transportation Fare is composed of (a) Base Fare, (b) Fuel Surcharge, (c) Airport Taxes, (d) Check-in Fee and (e) Service Fee. Each of the said price components constitute an inseparable part of the all-inclusive price paid for the Passenger for transportation services. The different price components are provided for the information of the Passengers through different sales channels in accordance with the regulations of the SHGM and the standards defined by IATA. In this respect:

a) **Base Fare**, represents the Fare component determined by Pegasus applicable for the fare class to which the Scheduled Flight covered in a Ticket is subject to. In line with its price management policies, Pegasus implements dynamic pricing for the different fare classes determined for all its flights.

b) **Fuel Surcharge**, represents a special cost component of the Fare, indicated separately from the Base Fare as fuel is the most significant cost item for airlines. Fuel surcharge is also affected by the fuel agreements and fuel hedging undertaken by each airline. Pegasus implements a one-way fixed fuel surcharge for domestic, North Cyprus and international flights (or its equivalent in another foreign currency). Please [click here](#) to review fuel surcharges applied by Pegasus.

c) **Airport Taxes or Tax(es)**, represents, as a special cost component of the Fare, the per passenger service fee amount and other tax charges that are paid by Pegasus to the airport/terminal operator of the airports where the Scheduled Services covered by the Ticket are performed or other tax authority. Taxes are determined according to the applicable tariffs and fares valid as of the ticketing date.

d) **Check-in Fee**, is the component of the Fare that allows for the charge of the costs required for a regular uninterrupted system infrastructure and service for Check-in transactions each Passenger is obliged to carry out for their Scheduled Flights. Check-in fee is charged on all Pegasus sales channels and is not affected by how Check-in is made by the Passenger. Check-in fee is charged during the booking of the Ticket as a per person and per flight for all domestic, North Cyprus and international flights (or its equivalent in another foreign currency). Check-in fee is determined separately for each route. For transit flights carried-out using the same flight number a single Check-in fee is applied whereas Check-in fees are collected separately for transit flight legs carried-out with different flight numbers. Please [click here](#) to review check-in fees applied by Pegasus.

e) **Service Fee**, is the component of the Fare collected as part of the Flight services provided and that allows for the charge of the costs of the individual sales channel in respect of the booking of the Ticket through the Pegasus Website, Pegasus Mobile Applications, Pegasus Call Center or Travel Agents. Service Fee can be determined differently for each sales channel and may be determined separately for each route and for the fare class of the relevant Ticket. The necessary costs for the regular and uninterrupted operation of the Pegasus Website, Pegasus Mobile Applications and the Pegasus Call Center are taken into consideration in the determination of the Service Fee for these channels. For Tickets issued through Travel Agents, the Service Fee collected as part of the Flight services provided is directly charged by the Travel Agent and represents the Agent's revenue from the transaction. The Agents determine their own Service Fee. Please [click here](#) to review the recommended Agency Service Fee for Pegasus Scheduled Flights. Exceptional differences may occur in terms of recommended Agency Service Fee on specific routes.

4.4.2. The Service Fee charged during the booking of the Ticket is non-refundable. Detailed information on refundability of the other Fare components is provided in **5. Ticket Change and Cancellation Rules**. An additional Service Fee will be charged for Ticket change transactions carried out through the Pegasus Call Center or Travel Agents.

4.4.3. Cost increases occurring after the purchase of the Ticket and until the flight will not be reflected on the price paid for the Ticket. However; increases in the Airport Taxes or other taxes imposed on the Ticket price may need to be separately collected from or refunded to the Passengers. You may therefore be asked to pay unpaid Airport Taxes and charges.

4.4.4. Pegasus may, at its sole discretion, implement discounts on the Fuel Surcharge, the Check-in Fee or the Service Fee or may waive some or all of these components for specific Scheduled Flights to be able to offer promotional low fares.

b) Pegasus may always request that the credit card used for the Ticket purchase is displayed by the cardholder together with valid identification (passport, national identification, driver's license or family record book – livret de famille) prior to the flight at the Airport Ticket Sales Office of the Check-in counters.

c) Pegasus reserves its right to cancel and terminate all transactions involving suspected unauthorized or fraudulent credit card payment and the relevant Contract of Carriage or other contract for the provision of products and services without prior notice. Without any limitation, the following circumstances will be deemed to constitute valid reasons for cancellation of transactions based on unauthorized or fraudulent credit card use:

5.5.2. For reissue/refund transactions carried-out on the Pegasus Reservation and Sales System, an automatic payment message will be communicated to the relevant banks' points of sale. The payment of the transactions accepted by the banks will be reflected on your credit card balance following approximately two to three days if the credit card is issued by a Turkish bank and approximately three to seven days if the credit card is issued by a bank operating in another jurisdiction, and in any event, after the close of business on the date when the reissue/refund transaction is carried out. If reissue/refund is made on the same date of the original transaction the banks do not accept automatic refunds. Therefore, the refunds you are entitled to will be carried out by Pegasus manually on the following business day (excluding weekends and official holidays). Refunds cannot be made to bank (ATM) cards and will therefore be made to the bank account information to be requested from and to be provided by you by way of wire transfer. The time required to reach you to retrieve the necessary information and to process your transaction on queue may affect the time in which you receive your refund payments.

5.5.3. If the credit card where refund will be made is suspended or revoked, or if there is a period of six months between the original purchase and the reissue/refund transaction, virtual point of sales systems cannot be used to make refunds and payments will therefore have to be made through manual wire transfer. 13. IMPORTANT NOTICE ON THE LIABILITY OF THE CARRIER

13.1. Legal Framework Governing the Contract of Carriage

13.1.1. The Contract of Carriage and the services provided thereunder is subject to rules and restrictions regarding the liability of the carrier in accordance with the Turkish Civil Aviation Law No. 2920 and by its reference, to the extent applicable, the Convention for the Unification of Certain Rules Relating to International Carriage by Air signed in Warsaw on October 12, 1929 and the La Haya Protocol dated September 28, 1955 amending this Convention (together these will be referred to as the "Warsaw Convention" in this Section) or the Convention for the Unification of Certain Rules for International Carriage by Air, opened for Signature at Montreal on 28 May 1999 (which will be referred to as the "Montréal Convention" in this Section). These rules regulate and, in many cases, limit the liability of the carrier in the event of the death or personal injury of the Passenger and the loss, damage or delayed transportation of Checked Baggage and cargo.

13.2. Liability of the Carrier in the Event of an Accident resulting in Death or Injury

13.2.1. Whenever the provisions of the Warsaw Convention apply, the liability of the carrier is limited to 250,000 Poincare Francs (SDR 16,600) in the event of death or injury, except where death or injury results from an act or omission of the carrier or its agents done with the intent to cause damage or recklessly and with knowledge that damage would probably result.

13.2.2. Whenever the provisions of the Montréal Convention apply, the carrier is liable for losses that do not exceed SDR 128,821. The carrier will not be liable for any loss above this limit to the extent it proves that the loss:

- did not arise from its, its agents or its servants' fault or omission; or
- did exclusively arise from the fault or omission of a third party.

13.2.3. Advance Payment: In the case of aircraft accidents resulting in death or injury of passengers, the carrier may, in accordance with its national law, make advance payments to a natural person or persons who are entitled to claim compensation to meet the immediate economic needs of such persons. Such advance payments shall not constitute a recognition of liability and may be offset against any amounts subsequently paid as damages by the carrier.

13.2.4. Under both the Warsaw Convention and the Montréal Convention, If the carrier proves that the damage was caused or contributed to by the negligence or other wrongful act or omission of the person claiming compensation, or the person from whom he or she derives his or her rights, the carrier shall be wholly or partly exonerated from its liability to the claimant to the extent that such negligence or wrongful act or omission caused or contributed to the damage.

13.2.5. The liability limits determined by the Warsaw Convention and the Montréal Convention indicate the maximum liability limit and the burden of proof for the actual loss remains with the claimant. The claimant can only claim the actual and direct losses incurred within the specified liability limits.

13.3. Liability of the Carrier in the Event of Damage, Loss or Delay of Checked Baggage or Cargo

13.3.1. Whenever the provisions of the Warsaw Convention apply, the liability of the carrier is limited to 250 Poincare Francs (SDR 17) per kilogram in the event of destruction, loss, damage or delay of checked baggage or cargo, except where death or injury results from an act or omission of the carrier or its agents done with the intent to cause damage or recklessly and with knowledge that damage would probably result.

13.3.2. Whenever the provisions of the Warsaw Convention apply, and unless the passenger has made, at the time when the checked baggage was handed over to the carrier, a special declaration of interest in delivery at destination and has paid a supplementary sum if the case so requires, the liability of the carrier in the case of destruction, loss, damage or delay of checked baggage is limited to SDR 1,288 Special Drawing Rights for each passenger. This limit will apply as SDR 22 per kilogram for cargo.

13.3.3. The carrier will not be liable for any loss to fragile or perishable items, money, jewelry, precious metals, silver items, commercial or other valuable papers, passports and other identification or their samples.

13.3.4. If the weight of the Checked Baggage is not registered on the baggage identification tag, the total weight of the Checked Baggage will be deemed not to exceed the free checked baggage allowance permitted by the carrier.

13.3.5. In cases where the Warsaw Convention applies and subject to the limitations contained therein, in the event of delay of passengers, the liability of the Carrier shall be limited to 5000 Poincaré Francs (332 Special Drawing Rights - SDR) to the extent that the passenger proves damages. For check - in baggage and cargo, this amount is limited to 250 Poincaré Francs (17 Special Drawing Rights - SDR) per kilogram.

13.3.6. In cases where the Montreal Convention applies and subject to the limitations contained therein, in the event of delay of passengers, the liability of the Carrier shall be limited to 5,346 Special Drawing Rights (SDR) to the extent that the passenger proves damages. For check - in baggage and cargo, this amount shall be limited to 1288 Special Drawing Rights (SDR).

13.3.7. The liability limits determined by the Warsaw Convention and the Montréal Convention indicate the maximum liability limit and the burden of proof for the actual loss remains with the claimant. The claimant can only claim the actual and direct losses incurred within the specified liability limits.

13.4. Limitation of Actions for Indemnity Requests

13.4.1. The person entitled to delivery of the checked baggage must complain to the carrier in writing:

- In the case of damage, forthwith after the discovery of the damage, and, at the latest, within seven days from the date of receipt in the case of checked baggage;
- In the case of delay, at the latest within twenty-one days from the date on which the checked baggage has been placed at his or her disposal.

If no complaint is made within the times aforesaid, no action shall lie against the carrier, save in the case of fraud on its part.

13.4.2. The right to damages regarding air transportation shall be extinguished if an action is not brought within a period of two years, reckoned from the date of arrival at the destination, or from the date on which the aircraft ought to have arrived, or from the date on which the carriage stopped.

13.5.

13.5.1. In case where the contracting carrier from which the passenger has purchased a ticket and the actual carrier operating the ticketed flight are different entities, the passenger will be entitled to submit its complaints or claims for indemnification to both carriers. The carrier whose flight number is indicated on the ticket will be deemed as the contracting carrier.

13.5.2. The rules limiting or exonerating the carrier's liability will also apply in favor of the carrier's agents, employees and other servants. The total indemnification sought from the carrier, its agents, employees and other servants cannot exceed the limits of liability stipulated for the carrier.

13.5.3. None of the carrier's agents, employees or other servants are authorized to modify or rescind rules regarding the limitation of liability of the carrier.

13.5.4. Unless otherwise explicitly stated herein, nothing stated in this Section will constitute a waiver from limitation of or exoneration from liability stipulated by the applicable law or international treaties.

13.6. Legal Provisions Applicable to Passenger Rights Associated with Flight Disruptions

13.6.1. Whenever a Passenger is entitled to a free reissue, cancellation or refund in accordance with the Regulation on the Rights of the Passengers Traveling by Air (SHY-PASSENGER) and additional regulations published by the SHGM in connection with the former, the European Union Regulation No. EC261/2004 and other applicable passenger rights regulations, the transactions will be carried-out in the manner prescribed in the applicable law.
